LOCAL AND OTH

Nice cold weather

J. A. Clark departed for Carson on Monday.

The E. &. F. Company has re sumed the shipping of ore.

Reports from Silver King says that some very fine ore is now being extracted.

As the stormy weather will soon be upon us, now is the time to put in your wood.

around us, on the wicked. has fallen in Pioche.

Supt. Arthur Murphy has been increasing the working force of the Ida May. The ore-body keeps growing in size as work progresses.

The San Pedro outfit down the Wash appear to be taking a rest They are waiting for hot weather before starting in constructing the

able sheep into Lincoln County from Utah. The sheep having eaten out It is a good gold country, but as yet the ranges in Utah, they are now being driven on to Nevada ranges.

Any person desiring to purchase a band of about 400 thoroughbred daming the Colorado for power and stock cattle at a low price can do so by consulting Henry Mathews at Panaca, or H. W. Turner at Pioche.

It appears that Delamar has been getting more than its share of the school money and there is some kick- dam. The component parts of the ing being done. It is rumored that that district is drawing money for future generatinos.

Panaca last Monday, and upon beholding Attorney Sanders on the water supply for next summer. With board, the young ladies to be ex- snow early in November, and again

No! it is not "Diamondfield Jack" Davis that Gov. Sparks has appointed as his private secretary, but another one of the Davis family. Maybe position of Warden of the Pen.

C. W. Griswold passed through here Wednesday on his way to Montina, where he goes to gather up the different band of sheep that he and Judge Talbot are interested in. He intends consolidating their various bands.

The recent cold spell has sent several of our local hunters over to Hot Creek in Nye County, in search of ducks. In extreme cold weather duckhunting is said to be perfect in and around that section and there is no end to the supply.

People herenbouts have been on the lookout for several days for news from the railroad meeting between the Oregon Short Line and San Pedro R. R. people, which has been in progress in New York for several days past, but as yet the news dispatches are silent.

The belief is pretty general in the southern part of the county that railroad building will begin there within a reasonable time. Inquiries for land are frequent. They come from all quarters, indicating a general belief in railroad work and a willingness to take chances on the benefits to this section to follow.

Our state legislature takes its duties next Monday. In the organization of the Assembly branch J. A. Clark of this place is an aspirant for the position of Chief Clerk. We understand he has good support. He comes well qualified for the duties, and from a section of and is of good quality. the state which is entitled to recognition. We hope he may be successful

One should be very careful now days when they go to dances. In Utah, where the smallpox is prevailing, seventeen cases is traced to a young girl who attended a ball and waltzed. 'Vhen you go over the line, it will be well for the young bloods of these parts to permit the Utah boys to do the hugging-for

Word came down from Ely that another of the men wounded by Traylor had died. This makes the fourth dead man. From rediable source we learn, the members of the Union who went up to run Supt Traylor out of the place, to give themselves courage and be brave, like all cowards, loaded themselves up with bug-juice, and then started on their way to commit the dastardy deed which they attempted, and that the leader of the gang, named | Chinaman in the State. Lloyd, took to his neels and escaped uninjured. The report that great excitement exists at Ely is untrue. All the talk of calling out the militia, etc., is all bosh. The members of the Union got a dose or their own medicine, and don't want any more-

They have their satisfy. The Miners Union of Ely disown any connection with the raid on

It is understood that Mr. C. O. Whittemore and associates, of Sult Lake, who have an option on the Mendla group at Highland District will take charge of the property this week. The work going on there for the past month has shown up a great deal of new ore. In the lower workings the Navy drift shows six to seven feet of pay ore for a long distance and the latest discovery is two Snow appears to be falling all feet of heavy lead ore in the floor of one of the upper tunnels. The whole property never looked better than it does today, and we believe, with the owners, that it will continue to respond to intelligent development.

John Dorrell came in town Tuesday and reported finding float between here and Modena, which assayed \$70 in gold. Of course several parties hustled up rigs and left for the locality where the float was found. A person is liable to There are now bringing consider- pick up rich float anywhere along the line between Utah and Nevada. nothing of any great magnitude has been found.

> And again they are talking of agricultural purposes. If they ever succeed in daming the Colorado, it will not be much more than a year until the river-bed above the dam will be level with the top of the water of the Colorado is like that of the Missouri-two-thirds mud.

This section is ready for another The Board of Examiners met at snow fall and if it occurs soon it will go far to secure good ranges and cold winter but the weather moder- mad at each other. ated, the snow has about gone and we want more before the ground geta too dry.

The Wharton interest in ElDorado "Diamondfield Jack" will get the Canyon is preparing to procure patents to twelve claims. The only claim patented in that district is the Gettysburg, better known as the Techittacup, located when that portion of Nevada belonged to Arizona or New Mexico.

The fever still prevails at Stateline. Even Christian scence will not drive it away. If brother Millett, who recently died, was only in existence yet, we feel sure, by his laying on of hands and Christian science combined, the fever would certainly be eradicated from that town.

At Panaca, Tuesday last, John Nelson, while cutting wood, made a mishit and nearly severed his foot. The x being sharn cut through the bene- without mashing any of them. The doctor took seven stitches in

Recent work at the Demijohn mine near the Haif Moon, has connected a raise back of the shaft, with the lower workings, showing up a quantity of good lead-iron ore and providing a good current of air.

The Horseshoe mine at Fay is under bond again and hopes are entertained that the sale will go through. It has stimulated prospecting with

A. S. Thompson has been storing ice duri g the week. Joan N. Lee of Panaca is supplying it from his Condor Canyon pand. The ice averages fourteen inches in thickness

The Quartette mill near Searchlight, which has been undergoing repairs, is again ranning under full headway and turning out yellow

The Keystone Company, with their little Huntington mill at Sandy, is said to be netting to the company \$10,000 per month.

Trib fulfills all promises.

is spreading and so far six deaths have occurred. The people of the R Philips town do not seem to realize the Occasional Occasional Company danger and go in and out of SJ Wadsworth 'quarentined" houses, paying no at- | n m men tention whatever to the wishes of E H SYADS any one .- Enterprise.

A Truckee lady, Mrs. LaGrande, Albert Wools has just received word that she has been bequeathed \$5,000,000 as her share of an estate. The lady and J wast her husband are known to a number of Carson City people, as they lived to the course of Carson City people, as they lived for a time at Hobart mills. The fortune was all the more acceptable from the fact, that the husband who KC Laus been working in the round Pat Dehouse wiping engines, is ill and his wa Danton wife has been taking in washing to get money enough for them to live Jan Ryan

The following suggestion made in | F W Dickle the form of a communication to the Reno Journal is worthy of perusal by vegetable dealers: "While out shopping the other day I had oceasion to go into a store, and while standing there, noticed the nice vegetables displayed in low boxes. I also noticed a tall dog Now, when I buy carrots or turnips or potatoes I don't like to have either of them mixed with peas. This is intended as a hint to storekeepers to produce higher boxes or lower dogs.

The Appeal says a good-looking, well to-do bachelor of Carson who was being teased by the young women of the club for not marrying, offered to make the girl whom the club should elect his wife just to show them that he was not averse to matrimony. Each girl went to a corner and wrote her choice on a piece of paper, disguising her hand writing. There were nine members of the club and the result showed one vote for each. The young man is still a bacbelor, but the club is amined all fled; thus ended the first in December, we looked for a long broken up and its members are all

The grand jury of Storey county made a report Saturday recommending that the Storey county legislators use their best efforts at the coming session of the legislature to secure the passage of a bill consolidating Storey, Ormsby, Lyon and Douglas counties. The reasons given for the consolidation are that the wealth is being removed from Storey county as fast as possible and that local capital is not being invested in the development of the resources of the county, and that foreign capital cannot be induced to come there until the rate of taxation is very much reduced. Carson City is to be the county sent.

What One Woman Thinks. The editor of the Woodstock Record, who is a lady, speaks to the point on a matter that concerns every young girl. This is the way she talks: "Girls, did you ever think of it that the boys have more self-respect than the members of your own sex. There is not a young man of any degree of respectability that would be walking down the street with a drunken girl. You might search the streets with a fine toothed comb and not find a young man who would lock arms and go promenading with a young lady who was puffing a cigar or squirting tobacco juice around on the sidewalk. Girls several parties and a number of have no hesistancy in accepting the claims that had lapsed have been re- company of the two characters and wo many of them are only two anxious to accept the companionship heart and hand of anything that wears pants. Society will become refined when the girls demand of boys who wish their company the same purity of character that the boys demand of the girls. Over the heads of the young ladies of the land haugs the possibilities of the greatest moral reform that ever swept over this country of ours."
